

Can I get a COVID-19 test at PHC?

Please follow the flow-chart below.

Do you have symptoms?

(see [CDC.org](https://www.cdc.org) for latest covid symptoms list)

YES

NO

Are you an established patient at PHC?

Has the Health Department contacted you and told you that you are a "Close Contact"?

YES

NO

YES

NO

Yes, you can walk in to our Missoula Creamery location or Seeley Lake location and receive a covid-19 test during regular operating hours. You do not need an appointment and do not need to call ahead. Please visit our website for operating hours.

You are also welcome to call and ask to speak to our Call Center medical provider for symptom evaluation.

Due to resource limitations, we are prioritizing testing for established PHC patients. However, if you would like to become a PHC patient, we have "Urgent New Patient" appointments available. Please call (406) 258-4789 to schedule.

We accept all insurances and never turn anyone away due to inability to pay.

Yes, you can walk in to our Missoula Creamery Location or Seeley Lake location and receive a covid-19 test during regular operating hours. You do not need to be an established PHC patient. For operating hours please visit our website.

Due to resource limitations, we are prioritizing testing for individuals who have been informed by the Health Department that they are a close contact. If you believe you have been in close contact with someone who has tested positive for COVID-19, you may call our main line and ask to speak to our Call Center medical provider. For a list of testing resources in Missoula, including locations for testing if you do not have Covid symptoms (also called "asymptomatic"), please visit covid19.missoula.co.

Frequently Asked Questions

COVID-19 Testing at PHC

I believe I have been in close contact with someone who has tested positive for COVID-19.

Can I get a test at PHC?

We are prioritizing testing supplies for individuals who have been contacted by the Missoula City-County Health Department and told that they are a “Close Contact” of someone who has tested positive for COVID. If you believe you have been in close contact with a positive case but have not been contacted by the Health Department, you are welcome to call 406-258-4789 and ask to speak to our Call-Center medical provider. Please also consider visiting covid19.missoula.co for a list of testing resources in the community.

I have symptoms of COVID-19. Can I get a test at PHC?

We are prioritizing covid-19 tests for PHC patients. If you would like to become a PHC patient, please call 406-258-4789 to schedule an Urgent New Patient appointment. Your symptoms will be evaluated at that appointment and your provider will decide if a covid-19 test is appropriate.

I do not have symptoms of COVID-19 but I need to know my COVID status for an upcoming event or trip. Can I get a test at PHC?

Due to resource limitations, we are not able to provide you with a test at this time.

What does "Asymptomatic" mean?

Asymptomatic means that you do not have any symptoms of COVID-19, such as cough, fever, or headaches.

Where can I learn more about COVID-19 symptoms?

The Centers for Disease Control and Prevention website is our trusted source for the latest and most accurate information on COVID-19: www.cdc.gov/coronavirus

Where can I learn more about our local area response to COVID-19, including locations for testing and other resources?
